March 24, 2006

Dear Joe and everyone on the Dunshee team,

Just a brief note to let you "ALL" know how grateful I am to have you do the work on my car. Not just once, but TWO times!

Each time, you not only held up your end of the deal, efficiently and on time, but with smiling faces, and a THANK YOU card for allowing you to do the work for me! That's not something that comes very often.

It's good to know there is a dedicated group of people that you can trust to complete a great job and with lots of integrity.

My hats off to you, you will be highly recommended!

Now, is there any way I can get a little scraper scratch off that beautiful hood you replaced once and fixed a second time? Yup, I messed it up again...

Thanks for everything,

Robin Hall
